

Car Seat Inspections

The Mary Bridge Center for Childhood Safety offers car seat inspections by appointment in **Tacoma, Auburn,** and **Puyallup**. Call to schedule:

253-403-1417

A **Car Seat Inspection** is a hands-on assessment and education visit with a certified Child Passenger Safety Technician (CPST). You will learn how to use your child's car seat and then install it into your vehicle, leaving with the skills and confidence to keep your kids safe.

Car crashes are a leading cause of fatal injury for kids, and 90% of parents use their car seats wrong.

Are your kids are riding safely?
